

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 284.

BRAINERD, MINN., SATURDAY, MAY 5, 1906.

PRICE TWO CENTS

SCORES OIL OCTOPUS

REPORT OF COMMISSIONER GARFIELD ON STANDARD OIL SENT TO CONGRESS.

ACCOMPANIED BY MESSAGE

PRESIDENT ROOSEVELT GIVES HIS VIEWS OF THE TRUST AND ITS METHODS.

DEFENDED BY MR. ROGERS

BIG CORPORATION HAS NEVER BEEN GUILTY OF INTENTIONAL WRONGDOING.

Washington, May 5.—President Roosevelt has transmitted to congress the report of James R. Garfield, commissioner of corporations, giving the results of his investigation of transportation and freight rates in connection with the oil industry.

The president expresses the view that the report is of capital importance because of the effort now being made to secure such enlargement of the scope of the interstate commerce commission as will confer upon it power to meet the demonstrated needs of the situation. The facts in the report, he declares, are for the most part not disputed. That the Standard Oil company has benefited enormously by secret rates, many of which were clearly unlawful, the president says the report clearly shows, the benefit thereby secured amounting to at least \$750,000 a year. On this subject he says:

"This \$750,000 represents the profit that the Standard Oil company obtains at the expense of the railroads; but of course the ultimate result is that it obtains a much larger profit at the expense of the public. A very striking result of the investigation has been that shortly after the discovery of these secret rates by the commissioner of corporations the major portion of them were promptly corrected by the railroads, so that most of them have now been done away with. This immediate correction, partial or complete, of the evil of the secret rates, is of course an acknowledgment that they were wrong and yet were persevered in until exposed."

Will Institute Prosecutions.

The statement is added that the department of justice will take up the question of instituting prosecutions in at least certain of the cases and the hope is expressed that congress will enact into law the bill of Senator Knox to correct the construction of the immunity provision rendered in Judge Humphrey's decision. Continuing, the president says:

"But in addition to these secret rates the Standard Oil profits immensely by open rates, which are so arranged as to give it an overwhelming advantage over its independent competitors. This is a characteristic example of the numerous evils which are inevitable under a system in which the big shippers and the railroads are left free to crush out all individual initiative and all power of independent action because of the absence of adequate and thorough going governmental control. Exactly similar conditions obtain in a large part of the West and Southwest."

It is not possible, he says, to put into figures the exact amount by which the Standard profits through the gross favoritism shown it by the railroads in connection with the open rates. "The profit of course comes not merely by the saving in the rate itself as compared with its competitors, but by the higher prices it is able to charge and by complete control of the market which it secures, thereby setting the profit on the whole consumption."

Purpose of the Law Thwarted.

The president calls attention to that feature of the report regarding the manner in which the law is evaded by treating as state commerce what in reality is merely a part of interstate commerce. He says it is clearly shown "that this device is employed on the New York Central railroad, as well as on many other railroads, in such fashion as to amount to thwarting the purpose of the law, although the forms of the law may be complied with."

It is unfortunately not true, he says, that the Standard Oil company is the only corporation which has benefited and is benefiting in wholly improper fashion by an elaborate series of rate discriminations. The sugar trust, he adds, according to the investigation now in progress, rarely if ever pays the lawful rate for transportation. He declares that in the effort to prevent the railroads from uniting for improper purposes "we have very unwisely prohibited them from uniting for proper purposes; that is, for purposes of protecting themselves and the general public against the power of the great corporations."

He favors as an element of competition the passage of some such law as that which has already passed the house, putting alcohol used in the arts and manufactures upon the free list and of keeping the fee to oil and coal lands of the Indian tribes or on the public domain in the government, the lands to be leased only on such terms and for such periods as will enable the government to enjoy control of them.

FINDINGS OF GARFIELD REPORT.

Flagrant Discriminations in Favor of Standard Oil Company.

Washington, May 5.—The report of Commissioner of Corporations Garfield was sent to congress during the day. It is a document of considerable length and covers the subject thoroughly. In summing up his findings the commissioner says:

"The general result of the investigation has been to disclose the existence of numerous and flagrant discriminations by the railroads in behalf of the Standard Oil company and its affiliated corporations. With a comparatively few exceptions, mainly of other large concerns in California, the Standard has been the sole beneficiary of such discriminations. In almost every section of the country that company has been found to enjoy some unfair advantages over its competitors and some of these discriminations affect enormous areas."

"Discriminations in the transportation of oil embrace a variety of forms, the more important of which may be classed under the following heads:

"First—Secret and semi-secret rates."

"Second—Discriminations in the open arrangement of rates."

"Third—Discriminations in classification and rules of shipments."

"Fourth—Discriminations in treatment of private tank cars."

The commissioner says that the secret rates saved to the Standard Oil company \$750,000 a year.

ROGERS MAKES REPLY.

Standard Oil Magnate Criticizes Message and Report.

New York, May 5.—In reply to President Roosevelt's message and the report of Commissioner Garfield, Messrs. H. H. Rogers and John D. Archbold of the Standard Oil company said that their examination of the message and report had necessarily been a hurried one and that they should at a later date make a full answer to their shareholders. Now they made the following statement:

"In the president's effort to secure the passage of a bill enlarging the powers of interstate commerce commission and just and equitable railway rates, we have precisely the same interest that any good citizen has. No more and no less. Regarding his criticisms upon the management of the railroads or his strictures upon any acts of the interstate commerce commission, we have neither responsibility nor concern. When, however, he or Commissioner Garfield attacks the Standard Oil company and uses its methods of doing business as an object lesson for promoting his views, we protest."

"It may be frankly stated at the outset that the Standard Oil company has at all times and within the limits of fairness and with due regard for the law sought to secure the most advantageous freight rates and routes possible. There will be no denial of this fact on our part. The question is whether we have at any point violated the law or the proprieties."

Welcomed the Investigation.

"The present inquiry grew out of a resolution adopted by congress a year ago on motion of Mr. Campbell of Kansas, instructing the secretary of commerce and labor to investigate the oil business as carried on in this country. We welcomed the investigation. When Commissioner Garfield in the discharge of his duty visited our office, he and his experts were given free access to our books and the fullest opportunity to ascertain the manner in which our business was conducted. Frank disclosures of all our methods were made and every criticism offered by him was met with a candid and painstaking answer."

"So conscious were we of our rectitude that we repeatedly importuned Mr. Garfield to make public the conditions existing in Kansas, but he refused. We proposed ourselves to answer some of the unfair criticism upon the subject, but refrained on Mr. Garfield's advice, and on his assurance that his report would present the case fairly. It turned out that so far as Kansas was concerned that the state authorities abandoned their attack."

"One does not care to bandy words with the United States."

"It is not easy to differentiate between Mr. Roosevelt, the president, and Mr. Roosevelt, the individual. He has given of his advice most generously on every subject, from the size of our families to the mistakes of federal judges, and some error is inevitable now and then to the most conservative man under such circumstances."

"We say flatly that any assertion that the Standard Oil company has been or is now knowingly engaged in practices which are unlawful is alike untruthful and unjust."

The statement then takes up Mr. Garfield's report in detail and denies all his allegations of wrongdoing, unfairness, etc., and also ridicules some of his statements.

Palma Proclaimed President.

Havana, May 5.—The Cuban congress in joint session during the day canvassed the electoral returns and proclaimed Tomas Estrada Palma and Mendez Capote unanimously elected president and vice president, respectively. All the Liberals and also the independents of the provinces of Santa Clara and Santiago signified their protest by their absence.

SEVEN SEALED INDICTMENTS.

Returned in Sugar Rebating Cases by Federal Grand Jury.

New York, May 5.—The April federal grand jury in concluding its labors during the day handed down seven sealed indictments in the sugar rebating cases. The indictments are against the following:

The New York Central railroad.

The New York Central and Hudson River Railroad company and Nathan Guilford, vice president of the company.

The American Sugar Refining company of New York and C. Goodlee Edgar and Edwin Earle, the latter two being wholesale sugar dealers of Detroit, Mich.

The New York Central and Hudson River Railroad company and Nathan Guilford, vice president, and F. L. Pomeroy, general traffic manager.

The American Sugar Refining company and the American Sugar Refining company of New York and C. Goodlee Edgar and Edwin Earle.

Nathan Guilford, F. L. Pomeroy, C. Goodlee Edgar and Edwin Earle.

The first six indictments were found under the "Elkins' anti-trust law," which provides penalties of a fine not exceeding \$10,000, or imprisonment not exceeding two years, for giving, granting, applying for, or accepting any rebate or concession from the regular freight rates, as published by a railway company as a common carrier.

Violation of Anti-Trust Law.

The seventh indictment, found against Guilford, Pomeroy, Edgar and Earle, charges them with having collectively conspired to violate the provision of the Elkins' anti-trust law.

It is not probable, it is said, that any of the defendants will be arrested on a warrant, but all will be notified by the federal authorities that an indictment has been found and be requested voluntarily to appear and give bail for an appearance at the next term of the federal court in June. In the case of a corporation, it is presumed that the president or some other important executive officer of the company will appear and answer to the indictment.

These are the first indictments for an alleged violation of the anti-trust law found in this district. Sixteen sessions of the April grand jury were devoted exclusively to the consideration of these cases, but it is evident from the presentment which the jury handed in with the indictments that it deems the situation but hurriedly canvassed. It recommends that the investigation be continued by its successor, indicating that indications point to the possibility that other common carriers may be equally culpable with the indicted roads.

UNDERGOES NO CHANGE.

Situation in Strike of Longshoremen Remains the Same.

Cleveland, May 5.—The situation in the strike of longshoremen and other allied organizations underwent no change here during the day. The same also was true of the neighboring ports of Ashtabula and Sandusky, both of which are big shipping points. The longshoremen say that all of the men were instructed in advance to discountenance any show of violence and that they are quietly waiting for the dock managers to come to their terms. Two boats of the United States Steel corporation's fleet here and at Ashtabula are being operated with nonunion mates, but no disturbance was raised on this account. Many of the boats in the harbor here still remain unloaded. The representatives of the lake carriers say they are satisfied with the situation and expect to win in the long run.

Wainwright Goes to Prison.

Minneapolis, May 5.—Imprisonment at Stillwater for seven and one-half years is the penalty imposed upon Thomas J. Wainwright for the big robbery which included a wagonload of household valuables from the Minneapolis residence of Dr. J. N. Pinault and a number of papers and securities from Dr. Pinault's safety deposit vault. Wainwright had previously pleaded guilty and sentence was passed upon him in the Hennepin county court by Judge F. C. Brooks.

FATAL TRAIN WRECK

SCORE OF PERSONS KILLED AND SEVERAL OTHERS INJURED IN PENNSYLVANIA.

PASSENGER TRAINS COLLIDE

COME TOGETHER NEAR SPRINGFIELD FURNACE WHILE RUNNING AT FULL SPEED.

Altoona, Pa., May 5.—The Chicago mail train No. 21, westbound, and the Chicago and St. Louis express No. 18, eastbound, on the Pennsylvania railroad, running at full speed, came together near Springfield furnace on the Petersburg cut-off, eighteen miles from this city, at 11 o'clock p. m. It was at first reported that three persons had been killed and twenty-seven injured, but later reports indicated that the casualties were underestimated.

A few hours before, thirty-seven freight cars had been wrecked at Union furnace, on the Middle division, twenty miles east of this city, and all trains were being run around Altoona over the cut-off. The Chicago mail left this city on time and went as far as Tyrone, where it was sent back to go over the cut-off. The Chicago and St. Louis express was sent west from Huntingdon on the cut-off and the two trains met at Springfield Junction, where there is but one track. The cause of the disaster is said to have been a misunderstanding of orders by the operator at Springfield Junction. Physicians have been sent from Altoona.

The railroad officials at Huntingdon and Williamsburg have received a report that both locomotives, the express and mail cars and passenger coaches are completely demolished.

One of the trains was running reversed, with the coach next to the engine. Twenty-five passengers were in this coach and it is reported that all are either dead or injured.

The railroad officials say it will be impossible to tell the exact details of the accident until morning, as several people are pinned under the wreckage.

It is feared that the number of dead will exceed the first estimate, reaching twenty of more. A special has been sent from here to bring in the dead and injured.

Engineer J. S. Fickes and Conductor J. H. Collins of the mail train are reported seriously injured.

COURT CIRCLES PANICKY.

Czar and His Friends Seek Good Will of Parliament.

St. Petersburg, May 5.—An official announcement of the composition of the new Russian cabinet is expected within a day or two. The slate as given out on Thursday is correct unless there should be a change at the last moment. M. Goremykin is conferring with Emperor Nicholas.

In the face of the assembling of a hostile national parliament it is apparent that the emperor and the court are panicky and trying desperately to obtain the good will of the parliament by all manner of pacific assurances. Now that Count Witte has fallen, a distinct impression is being fostered that he was kicked out because he was too reactionary, and it is announced that the odious "fundamental laws" of which he is charged with being the author will therefore be withdrawn. Irrespective of the motives therefor, the withdrawal of these fundamental laws is a great victory for the Liberals and accounts in a measure for the optimistic tone of Professor Milukoff's speech in the Constitutional Democratic congress.

M. Schwanebach's statement that it is the sincere intention of Emperor Nicholas to realize representative instructions and that he has no intention of dissolving or dispersing the parliament is only another evidence of the government's desire to avoid a conflict. The prospects of the first parliament achieving something tangible, therefore, have suddenly brightened.

TELEGRAPHIC BREVITIES.

King Alfonso of Spain sailed Friday evening from Southampton on board the Spanish royal yacht Giralda for Spain.

The Pacific Athletic club announces that the Nelson-Herrera fight will positively take place in Los Angeles on May 25.

More than \$20,000 was realized at a benefit performance in aid of the San Francisco sufferers Friday at the Metropolitan Opera House in New York city.

Arne Green, an aged man, was found hanging in his room in the home of his daughter, Mrs. Frank Murdoch, at Minneapolis Friday. It is not known exactly when he killed himself.

W. B. Corsets without a peer.

We have absolute proof.

It is not a matter of advertising, or is it because we carry them that they are the best. They possess merit in every feature and it is this alone that has made them so very popular.

Form building. Every lady demands a corset that not only fits the form, but one that will help her to bring her form to the prevailing fashions without distorting it. This is one of the features that characterizes the W. B. Corsets and one which has made them so popular.

Serviceable. A corset must also be serviceable. It is not every corset that stands the strain of hard wear. The W. B. Corsets are both comfortable and serviceable.

Popular Priced. A greater number of corsets are sold for \$1.00 than at any other price and the W. B. Corsets are the best that corset manufacturer can make.

H. F. Michael Co.

RESTS WITH MITCHELL.

Question as to Whether Strike Will Be Declared.

Scranton, Pa., May 5.—The United Mine Workers' convention of delegates from the three anthracite districts, which has been in session here the past two days considering the refusal of the mine operators to grant the demands of the mine workers, will declare itself finally during the day. That is the only thing that can be said with any certainty. The entire situation is now believed to rest with President John Mitchell. Theoretically it is in the hands of the general scale committee, but in reality Mr. Mitchell is the guiding spirit of that body.

The convention at its session in the afternoon, which was a very brief one, decided to refer the entire question to the general scale committee of thirty-six, with instructions to report recommendations to the convention. The reference brought into the situation for the first time since the delegates began to arrive in the city a possible suggestion of peace, though it is generally believed that the majority of

the delegates still favor the declaration of a strike.

The general scale committee went into session at 3 o'clock p. m. immediately following the adjournment of the convention. It remained in session until after 5, when President Mitchell announced that the entire matter had been referred by the general committee to the sub-committee and Secretary-Treasurer W. B. Wilson of Indianapolis, who arrived in this city during the day.

Smoot Case Again Postponed.

Washington, May 5.—The senate committee on privileges and elections during the day considered the Senator Smoot case. As several senators desired to review certain features of the testimony a vote was postponed until May 18. It was agreed, however, that a vote shall be had on that day.

Mint Pays Bank Depositors.

San Francisco, May 5.—The United States mint, which is now being used as the general clearinghouse for the banks, has paid out between \$7,000,000 and \$8,000,000 to depositors since it opened Tuesday last.

\$80 TO \$175 PER MONTH
For Firemen and Brakemen, Experience unnecessary. Instructions by mail to your home. High wages guaranteed; rapid promotion. We assist you in securing a position as soon as competent. Send to day. Full particulars at once. Inclose stamp.

LOCAL NEWS NOTES.

Mrs. H. L. Bowen, of Jenkins, was in
the city today.

J. Besiar, of Bemidji, was in the city
today on business.

W. B. Jones, of Sylvan, came down
from the north today.

A. Jepheth, of Fargo, was in the city
on business this morning.

H. W. Gehr, of Wadena, was in the
city on business last evening.

R. E. Bennett, of Fergus Falls, is in
the city today.

E. S. Holman, of Pine River, is in the
city today on business.

J. W. Northern, of Rainy River, Can-
ada, is in the city today.

F. C. Butts, of Minneapolis, is in the
city on insurance business.

Verne White is up from Minneapolis
visiting relatives and friends.

James Long, of Cass Lake, is transact-
ing business in the city today.

Miss Angie Hardy, of Walker, is in
the city today visiting friends.

Julius Brandt, of Deerwood, is in
Brainerd today transacting business.

The Sky Rockets beat the Walkovers
at base ball today by a score of 10 to 1.

Prof. Hanft and family went to their
cottage at Hubert today to spend Sun-
day.

N. P. White, of Duluth, came down
last night to visit relatives for a few
days.

Tom Canan was down from James-
town, N. D., yesterday visiting with his
family.

K. K. Fullerton and sons went to Du-
luth today, they are expected back to-
morrow night.

J. N. Francis, of the town of Garrison,
was in the city today and made The
Dispatch a pleasant call.

P. O. Stephens, of Margie, Minn., is
in the city today transacting business.

E. P. Mallory arrived from Chicago
today to visit his father, S. B. Mallory.

Emil L. Stoyke has been confined to
his home suffering with an attack of
rheumatism.

The family of Harry Bridgeman went
to Motley today to make their future
home at that place.

Misses Lucile Benjamin and Jessie
Swartz went to St. Paul today to visit
friends for a few days.

Mrs. George Gardner, who recently
underwent an operation at St. Joseph's
hospital, is improving rapidly.

R. J. Johnson and Rob Evans, of
Lake Benton, Minn., are in the city
looking after business matters.

Mrs. W. Fitzharris went to Staples
today. Mr. F. will go down there Mon-
day to attend the wedding of a cousin.

Herman Nelson, the man who fell
from the refuse burner at the mill a
short time ago is now out of the hospi-
tal.

The funeral of Mrs. Dessen will be
held at the Presbyterian church tomor-
row afternoon at 2:30, Rev. McLeod of-
ficiating.

Rev. J. E. Berry and his male chorus
will have charge of the men's meeting
at the Y. M. C. A. tomorrow afternoon
at 4 o'clock.

Mrs. Woolfolk, of Minneapolis, is vis-
iting at the home of E. R. Jones. Mr.
Woolfolk is expected up tonight to
spend Sunday.

Dr. John Robertson missed his train
this morning, but Rev. H. W. Knowles
received a message from him stating
that he would arrive tonight.

Frank Kolman, a brother of Mrs. S.
G. Stewart, arrived here today for a
visit. Mr. Kolman is a travelingman
with headquarters at Milwaukee.

G. K. Billings, chief clerk to the
Comptroller of the Northern Pacific,
who had been at the Sanitarium for an
operation returned to St. Paul today.

F. S. Parker came in from Parkerville
today. That accounts for the bad
weather. Mr. Parker says it has storm-
ed every time he has gone to Park-
erville this winter.

S. F. Alderman returned today from
his trip to Chicago. He left his par-
ents in La Crosse where his mother has
a sister and brother. They will come
on to Brainerd in a few weeks.

O. G. Dahl, for a number of years one
of Brainerd's leading grocers, leaves to-
night for Spokane, Wash., to look over
the country with a view to locating.
Ole has lots of friends here who hate to
see him go.

Keene & McFadden have been get-
ting out a lot of pocket maps of Crow
Wing county that are up to date and
very handy for reference. They will be
glad to give one to anyone interested in
Crow Wing county real estate.

J. H. Gibson, of St. Mathias, is in the
city and has been soliciting aid for Mat-
thias Kearns, of St. Mathias, who lost
his house and all his household goods
by fire last week. Mr. Kerns lost his
barn and a good team of horses a couple
of years ago in the same way.

The Eagles held a very pleasant meet-
ing last night. George West and Geo.
Sargent were elected delegates to the
state convention which meets at Per-
ham in June. The boys say they are
going to make a strenuous effort to get
the next state convention for Brainerd.

Harold Curo, the little son of J. W.
Curo, of Pine River, who was so nearly
killed by the kick of a horse a few
weeks ago, has so far recovered that he
went home today to spend Sunday. He
will return to St. Joseph's hospital
Monday as his head still has to be
dressed by the surgeons.

Brainerd Court, No. 1033, Court of
Honor, will give a novel entertainment
at Gardner hall, Friday evening, May
25, commencing at 8 o'clock. A grand
fiddler's convention will be held, to
which all fiddlers of town and country
are cordially invited. Prizes will be
awarded to the best players, also to the
tallest, shortest, oldest, youngest, lean-
est and fattest fiddler, with a special
prize to the fiddler who travels the long-
est distance to attend. The only condi-
tion to be observed in the playing is
that old tunes should be played. The
convention will be followed by an old
fashioned country dance, for which
country callers, fiddlers and piano play-
ers have been engaged. A 25c ticket
admits you to both events.

Soothes itching skin. Heals cuts or
burns without a scar. Cures piles,
eczema, salt rheum, any itching. Doan's
Ointment. Your druggist sell it.

BEAUTY IN CLEANING

Few dye houses in the entire United
States are as well prepared to do clean-
ing and dyeing as we. Thousands of our
customers praise our work for the beauty
alone, saying nothing of quality. We
clean and dye everything in men and
women's garments and household articles,
rugs, carpets, etc. Send for information
booklet and price list.

We pay return express on all orders
of \$3.00 and upward.

WHERE TO WORSHIP

St. Francis' Catholic church: Services
will be held at 8:30 a. m. and 10:30 a. m.
Sunday school at 2 o'clock p. m., ves-
pers and benediction 8 o'clock p. m.;
mass on week days 7:30 a. m., except
on Tuesdays and Saturdays, when mass
is at St. Josephs hospital. Rev. D. W.
Lynch, pastor.

People's Congregational church:
Preaching 10:30. Sunday school 12
o'clock, noon. Y. P. S. C. E. at 7:00 p.
m. Preaching 8:00 p. m. Mornin
subject, "The Folly of Sin." Evening
subject, "Jesus Christ, Our Elder
Brother." Regular prayer meeting
Thursday evening at 8 o'clock. Sub-
ject, "Faith." Everybody cordially in-
vited. Rev. J. E. Berry, pastor.

First M. E. church corner of Juniper
and Sixth streets: Morning service at
10:30, Sunday school at 12; Epworth
League 7 p. m., evening service at 7:30.
Dr. Robertson will preach in the morn-
ing. Evening service by the pastor and
the sermon will be "Brainerd's Open
Door." Rev. H. W. Knowles, pastor.

Swedish M. E. church: Kindred St.,
N. E. Services first and third Sundays
of each month, at 10:45 a. m. and 7:45 p.
m. Sunday school at noon every Sun-
day. Rev. A. Nelson, pastor.

St. Paul's church—Services for 3rd
Sunday after Easter: Choral Commu-
nion and sermon 10:30 a. m., subject of
sermon, "Your Joy no Man Taketh
from You." Sunday school at noon.
Evening prayer and sermonette 7:30
p. m., subject, "How do I Know That I
am a Christian." At the evening ser-
vice the rector will deliver a sermon-
ette on some church topic, for the in-
formation of the congregation. You
are invited to worship with us. Henry
J. Purdue, rector.

Swedish Baptist church: Morning
service at 10:30; Sunday school at noon;
Young People's Society meeting 7;
evening service, 7:30.

Swedish Lutheran church: Morning
service at 10:30; Sunday school at 12 m.;
evening service at 7:30 o'clock. Rev.
Matson, pastor.

Christian Scientists: Services every
Sunday at 10:45 a. m., in the Columbian
block third floor, hall to the right.
No evening services. All are wel-
come. Sunday school at 11:45 a. m.

and Ninth street south: Morning ser-
vice at 10:45 a. m.; evening service at
7:30 p. m., Sunday school at noon. Mid-
week service on Thursday evening at 8
p. m.

Norwegian Lutheran church, 7th St.
south, between Laurel and Maple
streets: Services at 10:30 in the morn-
ing and 7:30 in the evening. Sunday
school at 12 m. Sunday school in both
the Norwegian and English languages.
Rev. O. F. Johnson, pastor.

Presbyterian church: Morning ser-
vices at 10:30. Sunday school at 11:30.
Christian Endeavor at 7:00. Evening
service at 8:00. Prayer meeting Thurs-
day at 8:00. Junior and intermediate
at 3 p. m. Morning subject, "The Sym-
rian Leper." In the evening Dr. John
Robertson will preach. Everybody wel-
come. Rev. J. F. McLeod, pastor.

Norwegian-Danish Lutheran church,
near corner 10th and E. Oak streets:
Morning services at 10:30, first and third
Sunday of each month; evening services
at 7:30 every Sunday except the fourth
of each month. Sunday school at 9:30.
Rev. Th. L. Rosholt, pastor.

First Baptist church: Morning ser-
vice at 10:30, Sunday school at 12:00 a.
m. Junior society at 3 p. m. Young
Peoples' society at 7:00 p. m. Even-
ing service at 8:00. Morning subject,
"Christ not of this World." Evening
subject, "The Moment After." At the
morning service the hand of Fellowship
will be extended to the new members,
after which the Lord's Supper will be
observed. At the morning service we
hope to raise a large amount for the
new church. Let everybody interested
attend. The evening service Evange-
listic. Good music. Rev. A. P. Gar-
rett, pastor.

MEETING OF MUNICIPAL LEAGUE

Enthusiastic Meeting Held at the
District Court Room Friday
Evening

ORDER LEGISLATIVE COMMITTEE

Board of Directors Announced—
Council Asked to Secure
Legal Advice

An enthusiastic, though not over
largely attended meeting of the Municipal
League was held Friday evening in the
district court room.

Dr. Camp, president of the league,
presented the names of the directors
appointed by him as follows:

First Ward—Wm. Erb, R. R. Wise.
Second Ward—F. W. Wieland, W. R.
Heron.

Third Ward—George Halladay, T.
Twohey.

Fourth Ward—Alderman Peterson,
Alderman Squires.

Fifth Ward—A. M. Opsahl, L. J. Cale.

The following resolution, introduced
by Thomas Halladay was unanimously
passed:

WHEREAS, the franchise of the Minne-
sota Water Works Company in the City
of Brainerd is about to expire, and that
arrangements of some kind or char-
acter providing for the water supply of
the city must in the near future be
made by said city, and

WHEREAS, there is considerable divi-
sion of ideas and opinion of the resi-
dents thereof, as to the exact legal
status of the said city in reference to
its rights under the aforementioned
franchise, as well as the laws of the
state pertaining to the ownership and
operation of water works systems by the
municipalities, now, therefore,

BE IT RESOLVED by the Brainerd
Municipal Ownership League, that the
common council of the City of Brainerd
be petitioned and the same is hereby
by the said Brainerd Municipal Owner-
ship League, in meeting duly assembled,
to place the matter of the rights of the
said city in the hands of competent
legal advisors to the end that an opinion
may be had for the proper guidance of
the said common council in the hand-
ling of this most important matter."

On motion of Dr. Groves the presi-
dent was authorized to appoint a legis-
lative committee of three or five mem-
bers to watch out for legislation ad-
verse to objects of the league.

A motion was made by W. R. Heron
and seconded by John Hurley that an
assessment of ten cents per month be
made on each member to meet the ex-
penses of the league work. The motion
was opposed on the ground that the
moral support of large numbers was
more needed than financial support and
that whatever means might be needed
could be raised by subscription, while
an assessment might keep members out.
The motion was lost.

Dr. Camp spoke at length regarding

a newly discovered method of purifying
water, by which the refuse from rolling
mills and blast furnaces is used and by
which a million gallons may be purified
for \$1.50.

MAN KILLED BY N. P. TRAIN

Olof Hanson, of McGregor, Killed
By a Freight on the North-
ern Pacific

THOUGHT TO HAVE BEEN DRUNK

Was Struck by Passenger Train
But was Cold and had Been
Killed by Freight

The west bound passenger last night
struck the body of a man near McGre-
gor. When the train was stopped it was
found that the body was perfectly cold,
it having evidently been struck by a
freight several hours before. The body
identified as that of Olof Hanson, a
farmer who left McGregor about eight
o'clock in the evening badly intoxicated.
The body was dragged nearly a block
by the cars and was fearfully mangled.

OPEN MEETING

The Open Session Given by the Ladies'

Musical Club Friday Evening was

Very Enjoyable

The Ladies' Musical Club of Brainerd
held their open meeting last even-
ing at Elks' hall. Each member of the
club was allowed to bring two guests
and judging from the number present
full advantage was taken of this privi-
lege.

The program committee had arranged
a very fine program, each number of
which was well appreciated by the
audience. This closes the 4th year of
the work of the Musical Club and those
in charge of its affairs feel that distinct
progress is being made each year in the
purpose for which the club was organi-
zed: The cultivation, encourage-
ment and advancement of the latent
talent of its members and a taste for
good music, both vocal and instrumen-
tal. The work last night showed pro-
gress over last year's work. The "Chorus
Club" under the direction of Mrs.
J. C. Atherton have worked faithfully
and well during the year, making good
use of the privileges which the "Club"
proper places within their power. There
are 30 members in the "Chorus" and
it requires quite a good deal of sacri-
fice on the part of many to attend
regularly, which they have done.

At the conclusion of the program the
club served light refreshments and a
pleasant hour was enjoyed. Below is
the complete program.

HON. A. L. COLE'S RECORD

As Member of the Legislature He Se-
cured the Passage of Important
Laws

As candidate for the republican nom-
ination for governor, the public record
of A. L. Cole is of interest. Mr. Cole is
the author of the law under which the
state lands are now sold. This law pro-
vides that purchasers shall make cer-
tain improvements upon the land pur-
chased and was designed to shut out
speculators and to insure a class of pur-
chasers who will make improvements
and become home builders.

Mr. Cole is the author of the law pro-
viding for advertising the sales of state
lands and the resources of the state.
This is commonly known as the immi-
gration law and has already resulted in
placing at least \$100,000 in the state
treasury to the credit of the trust funds
of the state.

Mr. Cole is the author of the law pro-
viding for a comprehensive system of
drainage of state swamp lands. He se-
cured an appropriation of \$15,000 for a
survey of all state swamp lands. The
survey is now nearly completed and the
report of the engineers will be ready for
the use of the members of the next leg-
islature. Mr. Cole took an active part
in framing and securing the passage of
the county ditch law and the appropri-
ation of \$60,000 for the drainage of state
lands. He is recognized as one of the
strong friends of the drainage move-
ment.

Mr. Cole was chairman of the com-
mittee which introduced and secured
the passage of the so-called "Good
Roads Law." He was an able champion
of all measure that tend towards the de-
velopment and upbuilding of the state.

On all questions between the people
and the corporations, A. L. Cole was to
be found upon the side of the people.
The legislature in 1905 enacted laws,
1st, requiring railroad companies to re-
port all wrecks and casualties wherein
any person is injured or killed, to the
railroad and warehouse commission.
2nd, a law giving the railroad and ware-
house commission jurisdiction over
freight rates and classifications, and
power to inspect books of all common
carriers in the state. 3rd, a law provid-
ing a penalty for the giving of a rebate
or other favor by any common carrier
for the transportation of freight. 4th,
a law requiring railroad companies to
provide suitable toilet rooms in railroad
depots. 5th, a law providing for trans-
ferable mileage books. 6th, a law to
compel railroad companies to establish
and maintain gates, flagmen, or other
safety devices in villages or cities upon
the order of the railroad and warehouse
commission. Mr. Cole was an earnest
supporter of all these measures. He
supported and voted for the reciprocal
demurrage bill and the providing for a
2-cent passenger fare. In fact the
record of Hon. A. L. Cole has been such
as to command respect and support.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton,
la., nearly lost his life and was robbed
of all comfort, according to his letter,
which says: "For 20 years I had chronic
liver complaint, which led to such a se-
vere case of jaundice that even my finger
nails turned yellow; when my doctor
prescribed Electric Bitters; which cured
me and have kept me well for eleven
years." Sure cure for Billiousness,
Neuralgia, Weakness and all Stomach,
Liver, Kidney and Bladder derange-
ments. A wonderful Tonic. At H. P.
Dunn & Co.'s Drug store, Brainerd,
Minn. 50 cents.

The Mission of Rev. John Robertson

Sunday morning Dr. Robertson opens
his mission among us in the First
Methodist church at 10:30 a. m. He
will preach in the afternoon at 3 o'clock
in the American Baptist church, at the
First Presbyterian church in the even-
ing at 8. Monday, the morning service,
will be at the Y. M. C. A. at 8. After-
noon meeting at the American Baptist
church at 3; and at the First Congrega-
tional church at 8 in the evening. We
invite all, regardless of denominational
differences, to avail themselves of this
opportunity to hear one of the foremost
Biblical scholars and Evangelical
preachers of today. A free offering will
be taken at all services. No other
methods will be taken to meet the cost
of this mission.

SAD DEATH

Bride of Two Weeks Dies Suddenly at

Pequot—Body Shipped to Eagle

Bend for Burial

One of the saddest deaths in Crow
Wing county for a long time was that of
Mrs. J. A. Bauer, of Pequot, which oc-
curred Thursday of acute Bright's dis-
ease. Mrs. Bauer was a bride of only
two weeks and had hardly got settled
in her new home when the dread sum-
mons came. The body was brought to
D. M. Clark's morgue for embalment
and taken on the Friday night train to
Eagle Bend for burial. The bereaved
husband accompanied the remains.

"Gem Flour" the best on earth. Cale
sells it.

Of course you pay your money,
But you get your money's worth,
For what does money mean to you
When Rocky Mountain Tea's on
earth?

CELEBRATED ANNIVERSARY

Alderman and Mrs. Opsahl Celebrated the

Eighth Anniversary of Their Wedding

Last Evening

Friday was the eighth anniversary of
the marriage of Mr. and Mrs. A. M. Op-
sahl and they entertained in honor of
the event. About fifty friends gather-
ed and spent the evening at whist and
500. The rooms were handsomely de-
corated in pink and white, pink carna-
tions predominating. Light refresh-
ments were served and the party sepa-
rated in the wee small hours having had
a very enjoyable time and wishing their
genial host and hostess many returns of
the day.

"I suffered habitually from constipa-
tion. Doan's Regulets relieved and
strengthened the bowels, so that they
have been regular ever since."—A. E.
Davis, grocer, Sulphur Springs, Tex.

Volo

The Machine of Quality

As a locomotive engineer loves his engine so does a
woman take pride in her Volo. It is the result of forty
years' careful study, and represents the combination and per-
fection of the best points to be found among all other sewing
machines together with distinctly new and original features
and improvements.

The head is automatic lifting and made throughout of
the very finest material. The automatic tension-release
makes it possible to remove work quickly by merely raising
the presser foot lever. The stationary caps covering the
top of the needle bar relieves the eye of the constant up
and down motion of the needle bar, and also prevents
dust from accumulating on the bearings.

The hand wheel is detachable and can be thrown out
of gear to wind the bobbin simply by turning the thumb
screw. The attachments are perfect and roller bearings make
the Volo the easiest running machine in existence.

The greatest care has been taken in perfecting the parts,
and no pains have been spared in its finish. The Volo
is the best machine made and it looks it.

Price, \$40.

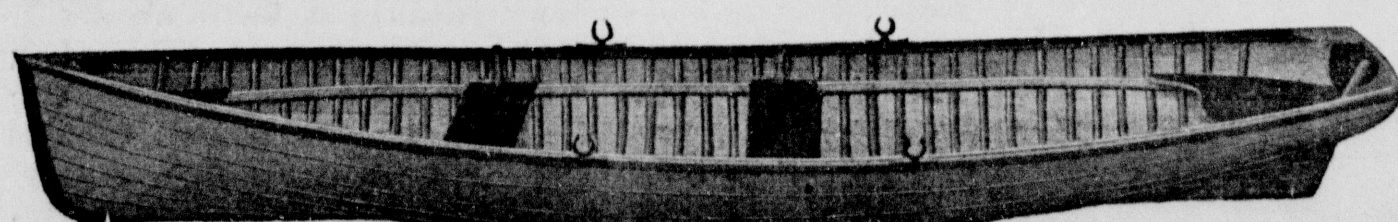

Every Volo fully guaranteed.

Slipp Gruenhagen Co.

217-219 So. 7th street.

PERFECTION

in room decoration is attained primarily by simple and artistic treatment of the walls.
No room is "right" unless it is papered in designs and colorings that meet the sur-
rounding conditions. To reach this end, one must have an extensive selection of
choice designs to choose from. We have over 500 select patterns constantly in stock;
the best of tapestries, for halls, parlors, libraries, etc. Gilt of every description,
Moires, ingrains, burlaps in all different colorings; varnished tilings for the kitchen
or bath room; and then the blanks at 5c a roll and upwards. Without a doubt, we
can please you; and we're anxious to do it. We guarantee all work our paper hang-
ers do.

The largest display of BOATS in the Northwest. Ask to see them; they're worth seeing.

Really Good Things to Eat

Are made with Royal Baking Powder—bread, biscuit, cake, rolls, muffins, crusts, and all the various pastries requiring a leavening or raising agent.

Risen with Royal Baking Powder, all these foods are superlatively light, sweet, tender, delicious and wholesome.

Royal Baking Powder is the greatest of time and labor savers to the pastry cook. Besides, it economizes flour, butter and eggs, and, best of all, makes the food more digestible and healthful.

ROYAL BAKING POWDER CO., NEW YORK.

Why Bodies Were Embalmed.

The Egyptians believed that the soul lived only as long as the body endured; hence their reason for embalming the body to make it last as long as possible. It is estimated that altogether there are 400,000,000 mummies in Egypt.

RAILROAD RATE BILL

FRIENDS OF THE MEASURE PRACTICALLY AGREE UPON ITS CHARACTER.

A PROPOSITION BY ALLISON

PROVES ACCEPTABLE TO PRESIDENT ROOSEVELT AND OTHER REPUBLICANS.

Washington, May 5.—The senate during the day entered upon the consideration of amendments to the railroad rate bill under the fifteen-minute rule but made little progress. The greater part of the day was devoted to Mr. Lodge's provision bringing pipe lines within the terms of the bill and it was ultimately unanimously agreed to after so amending it as to exclude gas and water lines from its operation, thus practically confining it to oil lines. There were two roll calls but neither was of importance as on one accepting the amendment there was no division whatever, while the action taken on the other on the question of confining the provision to oil lines was practically nullified by the subsequent elimination of gas and water from the amendment. The provision was so amended as to make it applicable to the oil pipe line in the Panama canal zone.

A proposition by Mr. Foraker to exclude refrigerator cars from the requirements of the bill and another by Mr. McCumber making the requirements concerning those cars more stringent than in the original bill were impartially voted down.

During the day there were many short speeches on the amendments and also more or less discussion of points of order. Upon the whole the day's proceedings were quite perfunctory, being rendered so by the general knowledge of the fact that the Republican senators were on the eve of an agreement that would determine the character of the bill. There was an evident general disposition to await that agreement.

This agreement is on a proposition evolved by Senator Allison of Iowa, which now practically has been agreed upon by the Republicans of the senate, and was offered, and, after consideration, was accepted by the friends of the measure, including the president.

NAVAL APPROPRIATION BILL.

Speeches in the House in Support of the Measure.

Washington, May 5.—The house spent another day in consideration of the naval appropriation bill, the speeches in large measure being in

support of the bill and the naval programme therein outlined.

Mr. Burton of Ohio delivered a scholarly address against what he termed the needless enlargement of the navy, contending that the American nation could well afford to serve notice upon the other nations that it stood for international arbitration and the peace of the world.

Mr. Butler of Pennsylvania and Mr. Calder of New York supported the bill, both agreeing that the measure had less to criticize in it than any bill reported from the naval affairs committee of the house in years.

Other speeches covering a wide range of subjects were made by Mr. Food (Va.), Mr. Clark (Fla.) and Mr. Shackelford (Mo.).

A feature of the day's session was the close attention paid by the house to the reading of the president's message on oil transportation and the generous applause which was accorded it on its conclusion.

TO THE REGULAR OFFICIALS.

Direction of Affairs in San Francisco Will Soon Be Restored.

San Francisco, May 5.—With the increasing number of daily dismissals of its sub-committees, the general municipal committee will doubtless soon pass out of existence, and the direction of the affairs of the city will be restored to the regularly constituted officials. Many of the subordinate bodies have reported their labors completed and have been relieved from further duty. When the general committee finally adjourns there will remain of the various organizations that were formed immediately following the days of the disaster, only the committee on reconstruction and the finance committee.

The force of state militia on duty here is being gradually diminished, and those of the regular soldiers who are not engaged in assisting in relief work are doing simple patrol duty.

There has been no perceptible diminution in the number of persons applying for free transportation to points outside of the city and state, and despite measures taken to prevent unworthy persons from profiting by the generosity of the railroads, it is believed that this privilege has been abused.

The railways have perfected their plans for the removal of debris on a large scale. They estimate that there are 9,000,000 cubic yards of waste to remove and have arranged for an elaborate system of bunkers to be connected with the spur tracks. The wagon hauls to these bunkers will average two blocks.

The San Francisco clearing house has received a report from its executive committee, which was adopted. A portion of the report read as follows:

"The committee feels that the business interests, as such, do not need charity to aid them in rebuilding the city. With \$150,000,000 or more to be received from the insurance companies, the banks in a strong, solvent condition, bountiful harvests promised in the state, and general underlying business sound, any further financial help should be looked for only on strictly business principles."

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. "The Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has the RABGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Creeks Murder Villagers.

Salonica, European Turkey, May 5.—At Bobishta, near Castoria, May 3, a Greek band murdered three villagers wounded three others and threatened to destroy the village if the inhabitants failed to adhere to their patriarchate.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c per bottle. Take Hall's Family Pills for constipation.
